From the Editor "Side Note!"

What can you say about Creepy Joe Biden? This man is without a doubt one of the funniest individuals to watch. I am amazed that he still keeps a straight face while creating tales of adventures that if on the big screen would be nominated for an Oscar! He can't remember where he is, what day it is, what his bosses name was while he was Vice-President. This man is the same man who said he would like to take Donald Trump out behind the gym and teach him some lessons! Well, if you look at his record going back to what ever point in time, Biden was always a joke. He was a day late and a dollar short at every bend in the river. I will not be surprised when the media or his handlers find him laughing in a corner with his adult diaper off and playing with his own poop creating images on the wall of all his favorite cartoon characters! Isn't that one hell of a visual? One of the other front runners is "Poke-A-Honkey" Warren! This woman has succeeded in defrauding the government, private sector and God only knows who else with the scam of being American Indian. Bernie Sanders, now here is one for the books, rather us be like Russia and we all know how that has worked for the Russians! Then we have, last but not least, Kamel Hair Harris! This woman is nothing more than a fraud and a grifter. She screwed her way up the ladder of success, flat backing it for the Mayor of San Francisco and God only knows who else? If she were a Republican or a Conservative she would be attacked to the point of changing her name, moving to another country, and a town so remote that they have no Internet. This is what the left has to offer? They say that Trump is the problem? What is the reason for the nation being so corrupt before Donald Trump was elected? The criminals are on the run and hopefully get arrested and stand trial!

Pamel's World!

Hello my friends, How are you doing ? Lets me start off with a Lil humor. What does a Walrus & Tupperware have in common ? They both like a tight Seal. They say laughter is a great way to heal, & i agree. I'm now 57 yr. old/young & soon on 11-13 I'll be another yr. wiser, What does that really mean ? In the past I've heard " Act your age " Or how about If you haven't grown up by the time your 50th birthday you don't have too! I will always be young at heart, It's my body that didn't get the memo. Getting dressed every morning is a chore & a laugh at the same time, So Ladies maybe some of you remember putting onpants while laying on your bed, flat on your back so you could zip your pants up ? Well i sure do! For get That you couldn't breath & pray the buttons, snaps,or zippers didn't break. That was then in the 70's & Now 2019 Where did my Waist go ? It seams with the help of gravity, my boobs are heading South, So with what was once a beautiful & curvy waist line, The West & East, are meeting up in the middle to now created a SHELF for the gals. soon i'll be wearing a UNI*BRA & my " C cup " will become a "Double D cup" & then I'll look like the " 1 eyed GIANT ". It could be sexy not sure, But not willing to find out. I won't even bother going on about about the Bladder, hearing or eye sight. Well I'm not going w/o a fight. So off my A** & on my feet ! get moving Dance, ride bikes, hike, eat healthier & drink lot more water, coffee & beer is made with water, But try actually drinking plain water, & As we get older, I'm meant to say WISER not Older. Are body need more Vitamins, They do help as well....God Bless & I wish you well on your journey through life...Start Laughing today

So be good to your self & each other.
Until next week Lil Sista.

Love

Love is never lost

Although it can go astray

And if not handled tenderly

It might fly away

When we're seeking love

We often find just lust

But once the lust is sated

What's left is merely dust

Love is all around us

But sometimes hard to find

You must continue seeking

With an open mind

Discover a new way to treat your Pain! Break free with the new non-invasive device (Super Pulse Laser) that is FDA cleared and clinically proven to reduce Pain. Let me help you live Pain free. Here is what Georgeta Swartz had to say. "I'm a young mother of two, in my eary 30's and have had migraine headaches since the birth of my first son. I've had them almost daily for 9 years. Sometimes they were mild, someties debilitating. I had trouble looking at light, was sensitive to noise, sometimes I would get nauseous and more. I would take all kinds of medicines for this. My regular medical doctor had no answer and couldn't help me. They just gave me pills. The in December I went to Dr. Burke. In one-two treatments he ended my years of misery. He used the Pro-Adjuster and a laser to treat me. I had no more migraines and could sleep soundly at night. And no more pills! I am very grateful for an easy solution by a very nice Doctor!
Thank you again Dr. Burke!
