**"UNSPOKEN THOUGHTS"**

Bruce Reinhart, this name should be on every news channel. TALLAHASSEE, Fla. —Bruce Reinhart is the federal magistrate judge who signed off on the warrant that allowed federal agents to search former President Donald Trump's Florida residence. Bruce Reinhart once drew scrutiny for switching from his job as a federal prosecutor to working as a defense attorney on behalf of individuals connected to convicted sex offender Jeffrey Epstein. If you can't see an issue of corruption in this fact, you are without a doubt a very special kind of stupid. This year is the year that the United States of America could end. We have invaders from all over the world that are here in record numbers. We have over 8 million illegals that have been allowed across our border and placed all over the country. The really scary part is the government has no idea who they are, where they are at, and what kind of threat they pose to the American Citizens. The lies we are hearing about Jan. 6th from the traitors on both sides of the isle in Washington need to end. Trump did exactly what he said he would do when he was running for the office of President of the United States of America. He said he would expose the lies and waste of our dollars by the corruption that has always been in our government that both sides of the isle have been doing for the last 110 years. We are being sold out by this corruption and we need to put an end to it. Our Congressman Jay Olberholte is part of it. Olberholte sent out a survey on FaceBook asking us what we thought needs to be done. This sack of crap needs to read the comments on his survey. Over 95% of the comments left for him are with no surprise negative. This joke was on the Board of Supervisors for San Bernardino County for years. He is part of the corruption that needs to be held accountable.
