**"UNSPOKEN THOUGHTS"**

Invasion from Global Wetbacks from all over the world? Then Secretary Mayorkas and the Diaper Joe Biden Admin. says it's all good! The VA, giving free medical to the tune of 4 billion dollars. Hunter Biden says that he is being a target of the right because he avoided paying taxes, is a crack addict, and likes to get strippers knocked up. Now there is Secretary Austin who was MIA in the ICU and his second in command was on vacation. If this were a TV show it would be cancelled before the first season was completed. People would say, "What a bunch of unbelievable Hollywood crap!" We have no idea where any one of these Global Wetbacks are, the scary part is we also have no idea who they are. As I have stated before, I really do believe that they are going to hit all over the globe on Easter. Due to the fact that there was only a small attempt on Christmas in New York City with a single suicide bomber in a car full of gas cans. We have a congressman for our area who has tiny raisens for balls. This joke is an embarrassment not only to his district, but also to his own family. Well, maybe an embarrassment to his family might be a stretch. Our elected officials have raided Social Security several times in the last 60 years to the tune of over 3.5 Trillion Dollars! How about the money they are spending on the Global Wetbacks, the war in Ukraine, and all of the countries that hate us, put it back into the Social Security account which they never should have touched. They said the money would be returned, but instead of cash, they issued an IOU. Imaging that, our politicians going back on a promise. If we don't get tough in the next 6 to 8 months, the evil, corrupt, politicians who have sold us out for personal gain, will destroy us. I personally would not piss on a single one of them if they were on fire. If this editorial offends you, you are free to kiss my ass.
