FROM THE EDITOR! "UNSPOKEN THOUGHTS"

The country is going to hell in a handbasket, our congress and senate are so busy doing nothing other than spewing hot gas from both ends, the President Diaper Joe is not sure where he is and what he is doing? Does this seem to you that we really need to rethink our current position on how we let ourselves be governed by a bunch of low life criminals? The VP Camel Hairass has shown the public that she is not ready nor ever will be ready to run anything other than a brothel? The ass-clowns on the View, a show I have never watched, think that they are the new guiding light for the 300 million plus citizens. We have a war in the middle east, a war in the Ukraine, and who knows when all of this will come to our shores? We have nine months to the next election. The mission of the evil corrupt that are destroying the world is to take us out of the picture as a world power. We are the only country capable of stopping the degenerate One World Order that is now referred to as the "Global Community"! Same crap just a different name. DHS Mayorkas to be impeached and the left and the corrupt right are defending this used piece of toilet paper. American Citizens are spending at a rate that is unsustainable. You can't earn money fast enough to keep up. According to the Left and Corrupt Right, it is all Trump's fault! Orange man bad, Diaper man good! The Chinese control our government more than you realize. They have their hand on our throats and the other hand on our balls. If they squeeze either hard enough we will be in a bad hurt either way. I feel that we are going to be in a real bad way real soon. We have been invaded by Global Wetbacks and none of them have our better interests at heart. They are going to hit us hard before November. They are going to attack us where we least expect it, Gun Free Zones. Look out, be alert!
