FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Trump ordered to pay over \$400 million dollars by the piece of shit judge in New York. Leticia James the DA ran on taking Donald Trump down. If you are not seeing issue with what is happening, you are part of the group that is the problem. They keep beating on President Trump to no avail. Trump has to be the strongest and toughest man that God has put on this planet since the days of King David. California's Governor Whip Lips Newsom is another issue. California is being destroyed intentionally to further the cause of turning our children into degenerate perverted atheists. If you don't take issue with this, you are the problem. When the governor in Ohio says illegal global wetbacks can own firearms to protect themselves, and legal citizens need to jump through hoops to get a firearm or ammunition, we know he is part of the problem. If you are part of the flock of sheep who listen to CNN, MSNBC, and take it as gospel, you are part of the problem. This nation is being destroyed from within without a shot being fired just as Nikita Khrushchev told President John F. Kennedy. The novel "1984" is here and it is a very scary if you look at the issues that are all around us. Crime is not punished, but if you are a Patriot, you will be punished and lose everything you built or earned. Your family will also be punished for your beliefs and actions. If a home, house, is empty, these Global Wetbacks can take it over without your permission and the courts will take their side. Shame on you for working hard and being successful. We are in very scary times. Charlie Kirk on Real America's Voice made it very plain. If you don't own a firearm, you need to get one. The powers that be will not protect you or your family. That protection is up to you. If you think that these statements are incorrect, you are the problem.
