FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Next week the United States of America's is 248 years in existence. Because of the effort of our founding fathers, we won our independence from our tyrant dictators in England. These men who put everything on the line, life, liberty, their personal wealth, we are able to enjoy a life of freedom that no one else in the world enjoys. We have to take care that we hold on to the efforts of our founding fathers. We are a nation that is on the brink of being sold out to our enemies. The real enemies that this nation has is the elected representatives in Washington D.C.. We have been lied to for the last 113 years by corrupt, evil politicians. Every decade, 10 years, we have been taken closer and closer to socialism/communism. The United States of America is the only country on the planet that actually stands in the way of the One World Order. Now it has been renamed The Global Community. Same bull shit, just more whipped cream added. The world fears and hates the fact that we are a free people. The evil in the world has now come forward and no longer hides it the shadows. They are going after the children. Get over it, there are only two genders. You can only put on a dog and pony show for so long before the truth comes out. The government is going after anyone who has the balls to stand up for our morals, freedom, right to choose your destiny. We have invaders that are here to make sure the goals of our evil politicians becomes reality. These are military age men that our government will arm with the best weapons to kill American Citizens. The politicians know that our soldiers will not fire on a citizen. With over 100 million gun owners in the United States, it make our combined strength the most formidable on the planet. So, keep in mind that there have been thousands of Patriots that made the 4th of July possible. Happy 4th of July, 2024!
