**FROM THE EDITOR!**  
**"UNSPOKEN THOUGHTS"**  
News flash for all the Liberal, Socialist, Communist, and all other's that think the Biden / Harris / Obama / Bush Clinton / Cheney run administration was going to stop over spending, crime, and improve your life you need to take a look at the facts. Argentina, El Salvador now have hardcore conservative Presidents. Their economies are growing better and faster than they have in the last 100 years. Their crime is down to record lows, probably the safest places you would want to visit or live! When you see the viewership of CNN is now around 77,000 you need to stop watching Rachel Madcow and the rest of the idiots that have lied for the last 10 years. The media has never wanted you to know the truth about the treason that is and has been committed, because they are part of it. If you think that Socialism or Communism is great, pack a bag and move to any of the crap countries that you would feel more at home in that practice government control over every factor of your life. Go to one of these places that when you speak out you will be arrested or killed for voicing your opinion. Yes indeed! I will be glad to help the Queers for Palistine get a plane ticket to help their Muslim Brothers and Sisters! Take your Queer ass over there and see how fast they throw your ass off a roof just for intertainment purposes when they are not killing innocent Israeli women and children. The attack on Israel October 7 was by a bunch of cowards. These bastards only attack the weak. They don't have balls enough to attack some one or something that will fight back. I personally would have turned Gaza into a glass parking lot. We are still not out of the woods. Trump's return in 11 days is still in danger. The Left name above will still try to assassinate our President. We still stand a chance of having the 3rd World mongrels that are here attack our citizens. Your family's safety hinges on you getting your head out of you ass and back the morals of the U.S..
