FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

Well children, it's only 4 more days to the inauguration, however that doesn't mean we are out of danger. In the last 4 years our nation has been invaded by individuals that are not here for the E-Ticket rides at Disneyland. The Biden / Harris administration allowed terrorist to enter our country. This was not by accident, it has been a well laid plan for decades. Every 10 years the corrupt, degenerate traitors in our government have been, by design taking us closer and closer to our downfall. They started really pushing this agenda over 100 years ago. They have lied, stolen our tax money, and overthrown governments around the world with the CIA. They have been allowed to much power and no accountability to the citizens of our nation. There is a DEEP STATE that works behind the scenes to keep the politicians that are corrupt in office. The create lies about anyone who is a threat to their agenda. They never wanted a President elected who was not in the inner circle, an outsider, who would do exactly what Trump did his first term. Trump exposed the corruption and theft of our tax dollars. They knew that if Trump was reelected he would be even a greater threat to their agenda. Now in his second term, Trump who is very sharp, is a greater threat to them. Trump has 4 years behind him on how to play the game that Washington D.C. didn't want him to take advantage of. I think that they will try to assassinate him again before he takes office. We have also the threat of being attacked by the Muslims and Chinese military age men who we know nothing about nor where they are. I have given my assessment of possible targets to law enforcement and congress. This information was viewed with fear, then scepticism. When we do get hit, don't expect the government or law enforcement to protect you and your family. You are on your own, be prepared. That is why we have the second ammendment. Lock and load. Call Me! or email: editornickelshopper@aol.com
