**FROM THE EDITOR!  
"UNSPOKEN THOUGHTS"**

Trump is back, but that doesn't mean that the nation is out of danger. The Deep State, which backs the evil in our government officials, is using tactics that they have used for decades to remove the United States from first place in the world fighting corruption in on every level. We have corrupt judges who believe that they have the power to block any effort of President Trump to make our nation safe while he rounds up the mongrels that the Biden (Obama, Bush, Clinton, Cheney) regime allowed in to our nation by the millions over the past four years. If we allow this to continue our nation will fall. The law enforcement in city, county and state governments are sitting on their hands. The corrupt politicians on both sides of the isle have committed treason. Law Enforcement know this. There have been no arrests are ever made, reason being, there are no judges or prosecutors that will convict them. This is not a conspiracy theory, it is fact. On several occasions I have spoken with our Sheriff about this, these were his words not mine. So if the citizens don't start putting pressure on our elected employees and remind them that they are to represent our needs we will remove them. To be blunt, fire their worthless asses. We are over taxed, ripped off by our own politicians and not to mention other corrupt politicians through out the world. This has gone on since 1913 when they started the bullshit about us being a democracy. Correction, we are a Republic that practices democracy. I want to see the video of President Trump going to Fort Knox and see the gold reserves. When we went off the gold standard, this gold is owned by the Federal Reserve. Our nations wealth has been the target of the corrupt back stabbing politicians such as Pelosi, Schiff, Schumer, Obama, Bush, Clinton and many others. We need them investigated, indicted, tried and executed for their crimes against our people and nation.
