**FROM THE EDITOR!
"UNSPOKEN THOUGHTS"**

The conservatives in Washington have turned on the lights and the roaches are running for the shadows to regroup. The issue with this country really isn't an issue of Left vs. Right, it is Good vs. Evil. The bastards on both sides of the isle have been screwing the American Tax Payer for the last 11 decades. Over the decades evil has been programming us to accept without challenged to keep our mouths shut and do as we are told. If you read the Constitution you will see that we as citizens have the power to remove these bastards anytime we see we have been lied to. We don't have to vote them out, that is a lie that they have pushed to protect their ability to stay in power. We have the right to physically remove them from office. As you have noticed, law enforcement has made the paycheck, benefits, retirement their priority to protect. The fear that has been put into the minds of our citizens is winning. I have a friend who told me that she is afraid to speak the truth for fear that the Deep State FBI will come knocking on her door. It is a sad, sad day when a senior citizen is in fear for her safety because she isn't onboard with the perversion that is being push. Sixty years ago if there were groups or teachers in our school system trying to push this bullshit TRANS on our children, it would have been a bloody day in our history books. These degenerate bastards would not have been allowed to spend another minute in the classrooms. The evil would have been physically remove with violent force. The parents would have found the closest stout tree with a good branch and hung the bastards in public as a strong warning for others not to pursue this endeavor. Then they would have gone after the politicians with the same fury and hung them for the vultures to feast on. We need to get our heads out of our ass and strap on that pair of big balls we had stored in the closet behind the old vacuum cleaner that we forgot about years ago.
