FROM THE EDITOR!
"UNSPOKEN THOUGHTS"
WOW!! Double laughs, grins and giggles! Last week Letitia James, N.Y. AG who made her campaign about indicting Donald Trump now has a taste of her own soup! I think the rats are now scrambling to get off the sinking ship that they themself gnawed the holes taking on water. I wish people in the last 20 years had paid attention to my thoughts. I am spot on with what was going to happen. We have elected trash into public office and then wonder why the rats are looking fatter than ever? They have attacked the moral values of good families and pushed the evil, vile, disgusting degenerate behavior on our nation. Our children have been groomed to be confused and accept immoral values as truth. Anti-Fa and the other criminal aliens that are here will never change. It is like having your family dog come down with Rabies. You love them, you tried to protect them, but in the end you wonderful family protector came down with a sickness that can't be treated. If you keep them around you will only have more heartbreak. These terror groups won't change. Do the right thing for this nation and put them down while you still can. It's a hard choice, but only choice.
