John Kerry, rich, hypocrite, jet plane, rich wife, traitor. This man has done more to damage this nation than most. He worked hard against Donald Trump to sabotage the efforts that he made to keep our enemies in check. John Kerry met with the Iranian ayatollah telling him to wait till Trump was out of office and the new administration would be more favorable to deal with. This sack of garbage has committed treason on many levels. He has traveled the world with his jet setting buddies lecturing us on how "We are the ones responsible" for global warming. This bastard to stay in power will see you and your family eating out of garbage cans.

**FROM THE EDITOR!
 "UNSPOKEN THOUGHTS"**

Where we are at today in our nation started decades back. In the mid 1960's the government was aware of the 2020 Y2K issue. They would not allow the use of rewriting one line of code to correct this issue. At the point in time when it was going to shut down the computers world wide they backed off. The reprogramming one line of code was a no brainer. Programmers knew that it was an easy fix, their issue was the powers that be not shutting down the grid world wide. The L. A. riots over the Rodney King beating showed them that they could not contain the public. The goal has always been to take the power away from the people. To do this was not that hard. The corrupt, evil, degenerate bastards only needed to change the education system. They have succeeded in changing the education that our children have received over the decades. It was a slow process. Evil has no time line to hold it back. Like a frog in a pot of water. We have slowly had our brains reprogramed to forget who is really in charge. Now you have the issues of illegal aliens, criminals roaming amongst us. They are not a problem for the government. They are not a treat to government. The Second Amendment is a problem. If the citizens of this nation has the ability to strike back at the corruption evil will perish. I personally don't have much faith in our citizens rising up and defending their rights. The fear that the corrupt politicians, the corrupt FBI, and our police and sheriff departments don't take a stand because they also have been dumbed down. People have asked me what to do? It is simple, pray, prepare, don't be afraid to fight back physically.
