FROM THE EDITOR!
"UNSPOKEN THOUGHTS"
Listen up and get your heads out of that warm dark place that you like to store it. What has happened in Israel can and will happen here on our shores. The Traitors in our government who opened up the Southern Border and let millions of Third World Mongrels enter our country are not concerned about your or your family's safety. The attack in Israel was by a group of animals that the world can be without. If my words offend you, line up, take a number, your number will be called when it is your turn to kiss my former military ass. The policies in Washington that have been put in place are not bad policy. This is a well laid plan that has a deadly outcome for our citizens. We need to plan for defending ourselves and our families. The issue of government looking after your safety is and always has been bullshit. The Israel citizens were not allowed to own firearms. The only ones with firearms were their military, oh yeah, and the bastards that attacked them. Now the Israel government is arming citizens so they can protect themselves. On the other hand, our government is looking to get rid of the Second Amendment and take our firearms for our own good. The only ones who are in line with this stupidity are the mongrels that are here on our shores with sleeper cells just waiting to attack. The only advantage the average citizen has at this point is the ability to defend his and his family's lives. I predict that we could get hit with something similar to the attack on Israel will come around Thanksgiving through Christmas. Be watchful and report any activity that is odd or out of line. Don't worry about being called names by the bottom feeding traitors in our country. Let the Queers, go to aid their Queer friends in the middle east. They to can have the chance to be thrown from a roof top. Get your heads back on your shoulders and clear the brown off your eyes so you can see clearly when you take aim.
