FROM THE EDITOR!
"UNSPOKEN THOUGHTS"

There is a new virus that is killing our dogs. They say they are not sure what it is. Convenient at this point in our nation. They are trying to take away our guns. Now let's take away another means of protection, our dogs. This new strain is a combination of several virus and deadly. Ask Fauci, sure he is behind it, since he was doing experiments with Beagles. Little bastard has committed global homicide and needs to be arrested and put on trial. The evil that is now striking hard at our daily lives is getting bolder and bolder. No longer hiding in the shadows. If we continue on the same path, doing the same things over again, that is the textbook definition of insanity. We should have started preparing for the worst when we saw the China Virus was from a lab. We should have fired and arrested Fauci when the news came out about his hands being dirty with the new deadly virus. We should have demanded that our government account for the cheating on the 2020 election by the corruption in Washington. We should have gone after our state and local governments for the cheating that was on video. We should hold that piece of garbage Nancy Pelosi accountable when she stated that the voters can't be trusted. We should have demanded the Squad be expelled from Congress. We should have demanded that Congresswoman Omar be removed from Congress, Citizenship cancelled and deport her back to the third world shithole that she came from. We have around 49 million plus illegal aliens that the Obama/Biden administration have allowed to enter. Obama is running the country in his third term as he wished if the right mentally challenged retard was in the White House. On this closing, if you don't like the truth, go back to your basement and play your video games and wait for your Mom to call you when supper is ready.
